Al snel nadat *Biebel* in het weekblad *Robbedoes* verscheen, groeide hij uit tot een van de grote publiekslievelingen. Het duurde dan ook niet lang of strookgags met het hyperkinetische eierkopje, vonden hun weg naar kranten en tijdschriften in binnen- en buitenland. Tweeduizend grappen met de onnavolgbare Reggie, de onschatbare Dotje en de dupe van het leven, Biebel. Strip2000 bundelt deze strips, voor het eerst in kleur, in elf knotsgekke albums. Een proeve van de (absurde) humor waarmee Ikke school heeft gemaakt en vooral héél veel (lees)plezier!
